WEDNESDAY MORNING NOV 6 1878

THE STATE AND THE PUBLIC SCHOOLS

Under the head of "An Attack on Public Education" the *Standard* drools at great length upon a subject which has frequently been discussed in our columns It attempts a refutation of our remarks which have pointed out the evil consequences to our youth and to society at large of some of the modern features of our public school system This is one of those subjects which the editor of that paper on account both of his proverbial stupidity and insincerity is altogether unable to comprehend or examine. He begins of course, by misrepresenting the position of THE OREGONIAN on the subject and then, after his usual manner, he frames a dullard's reply to his own misrepresentations The view we have presented, he says is designed "to draw a line between the rich and poor, it is an argument against educating young men of the poorer classes and the writer" loses all patience with one who calls himself an American and can find it in his aristocratic heart to write such sacrilege

It is the little creatures of demagogical instincts who talk in this way that pander to all such shams as the silver lunacy and fiat money folly, who are continually striving by contemptible arts to reach places they are incompetent to fill, and who, whenever they do find a little opportunity, distinguish themselves as certifying experts, or something of that kind Our statement as to the bad tendency and surely bad consequences of a perversion of the public school system from its original and true object, which is to give all our youth instruction in the elements of knowledge drew no line between the rich and poor but applied to all alike. Our public school system should embrace only common schools The reason why innumerable why the state should not undertake to furnish an advanced education free Perhaps, however, it is to be the future policy that nobody, rich or poor, is to be taught to work in this country, except by their half educated wits This might be a very good preparation for the greenbackers, when every man is to become a fiat Shylock and send up his wallet once a month to be filled from the government paper mill, but it will hardly do until these visions beatific come somewhere Meanwhile let us hope that they appear justly to have denied.

When our youth, whether of rich parentage or poor, are brought up without being disciplined in some kind of useful employment, or inured to some description of productive labor, a great wrong is done to them and to society A foundation is laid for a whole train of evils and miseries Bred up in idleness, and turned out upon the world without the resources which the vast majority can find only in some kind of skillful and willing industry, multitudes are doomed to lives of poverty and discontent, they come to believe that society in all its forms is organized for their oppression; they embrace the doctrines of communism, become willing agents in agitation and riot, and are ready to try anything except that which alone can do them real service,—namely, reliance on their own powers and adherence to industry, temperance, self denial, and all the saving virtues of common sense Many are drawn into petty and some into grave crimes; and our hospitals and asylums are thronged with those who have made a wreck of their powers because they have shunned the course of nature and attempted to live without resolute application in some steady employment with patient endeavor and moderate prosperity What means the growing disinclination for the last dozen years throughout the United States? Large part of it is the natural consequence of an increasing indisposition on the part of young men to engage in the humble employments which their fathers accepted without a murmur, and did not even desire to shun.

Between the rich and poor there are distinctions of advantage and opportunity which it is idle to rail at, and which society cannot remove the vast majority of us must get our daily bread by our daily toil. This is written from an experience which since early youth has known what labor is, in the hardest forms it can assume. Society cannot care for us. We must care for ourselves The problem is to prepare our youth for what is before them, to furnish them in the way that will best enable them to meet the duties and difficulties of life, and to show them that it is not by railing at the fortune of others or repining at their own, but by pushing ahead in pursuit of fortune for themselves, that they can hope for success, content and prosperity. A system of public education which keeps our youth in school till they grow to manhood, carrying them through advanced grades and enabling them to get without effort that which in a majority of cases is valuable only as it is necessary to employ effort to obtain it, turns out upon society a multitude of educated, or half educated drones, great numbers of whom can do nothing for themselves, and who therefore are injured by a system which is speciously urged by shallow talkers as a benefit which places the masses of the people on an equality as to fortune with the few who have wealth to sustain them,—a wealth which to children is often a heavier curse than the necessity of beginning life without means, and building up by individual exertion

Preserve the common schools Give all the children of the land opportunity to acquire the elementary branches of knowledge This is the recognized duty of the state It is a comprehensive plan, embracing all classes and conditions But the duty of the state does not extend to maintenance of a system which gives instruction in special and higher branches of learning Such a system does not belong to the whole people The rich do not often avail themselves of it, and those who are poor often actually cannot The children of those who may be said to constitute the great middle class—people of some property, but who yet cannot afford to allow their children to grow up in idleness—are the ones who mostly attend those higher free schools. Grafted upon the old common school system these higher free schools now invite children to attend, without charge or effort on the part of their employers or parents from infancy to manhood The system encourages and establishes habits of indolence and gives no preparation for the struggles of life Every one who looks below the surface of things sees its consequences But if is not supposed that people of shallow observation or mountebanks who affect to treat questions which are far above their comprehension, will recognize them If the state is to make provision for schools whose course extends beyond the elements of learning, where is it to stop? There is the same obligation to maintain the district college or university as to maintain the district high school or academy and the argument is the same in both cases The American system is the common school, and its work is to give instruction in the elements and lay the foundations of an English education

Eastern papers contain at great length the final catastrophe of the plot which was contrived last winter to implicate Secretary Sherman in a disreputable bargain with certain Louisiana election supervisors touching their reports to the returning board The telegraph advised us that the notorious Jim Anderson, not having received his expected reward for his infamous part in this conspiracy turned state's evidence against his associates and Democratic statesmen are now denying along the whole line His evidence detailed divulges the whole story of the pretended Sherman letter and confesses that the whole thing was an invention and that he was acting as the hired tool of others Where is the place amid this endless jar of perjury and recantation that truth resides? The conundrum is hopeless

---

On the whole the result of the elections of yesterday appear to be more favorable to the Republicans than could have been expected Losses of congressmen sustained in previous elections seem to have been partially recovered but it is not probable that the gains will be considerable enough to interfere with Democratic expectations of a sufficient majority to control the house without difficulty It is gratifying far beyond the results of a party triumph, that Butlerism is crushed in Massachusetts. In nearly all the states the national vote has dwindled to nothing and that party will probably be heard of no more The reader will obtain a view of general results from the telegrams and we need not summarize

---

Nesmith and Scott are about in the same fix The latter bought Mitchell's seat in the Senate while the former bought his own and Col Baker's They are a sweet pair of reformers

---

The above, of course, can be from no other source than the fellow who certifies so expertly and swears so deftly. Dolt as he is, his gall coins slanders like a mint We know of no reason why one who has made his record in regard to the printing,—certifying that he measured, signing a receipt for pay for measuring and afterwards admitting under oath that he didn't measure a line—shouldn't also be capable of slanderous fabrications like that quoted above

---

A statement is published to the effect that Senator Sharon of Nevada will not attend the session of the senate this winter and will tender his resignation as soon as the senate passes into Democratic hands on March 4th He would long since have resigned were it not that the Nevada governor would have put a Democrat in his place, and now that the senate will be Democratic after next 4th of March anyhow he thinks he can resign without hurting his party

---

Jefferson Davis has written a letter in which he stoutly denies that slavery was abolished by the federal government He says its attempt to exercise an undelegated power to emancipate the slaves was void, but the "sovereign states passed valid acts of emancipation" What power "persuaded" the states to do it he scorns to tell.

Returns from Washington territory are meagre. We have dispatches from several points in the western par of the territory but the vote up to the last time reported had not all been counted out. From Walla Walla we have nothing. The line beyond the Dalles has been down for two days

WEDNESDAY MORNING, NOV. 6, 1878.

CITY.

FRANK H. ROSCOE.—A few days ago a short dispatch was received from San Francisco and published in these columns in regard to the suicide of a young man named Frank H. Roscoe in that city. In a late number of a San Francisco exchange, the following additional particulars are given: "Some time during the night of last Wednesday, Frank H. Roscoe a guest at the boarding house, No. 402 Broadway, committed suicide by shooting himself through the heart with a revolver. Roscoe came to this city last Monday from Portland, Oregon, and during his stay at the hotel acted strangely, requesting among other things, that he be placed in a room as far distant as possible from one occupied by persons he named. At 6 o'clock yesterday morning Roscoe was found dead on a balcony upon which he could step from the rear window of the room assigned him. By his side was found a 'bull-dozer' revolver, with one chamber empty. It appeared upon investigation that Roscoe retired for the night, and then stepped on the balcony where he shot himself. The deceased was a native of New York, 25 years of age. Among his effects were several first grade teachers certificates. The deceased was at one time a patient in the East Portland insane asylum."

COMSTOCK MINES.—Mr. Stemme, president of the Monumental Mining Company, has just returned from the mines of the company. Mr. Stemme had invested in Monumental a good many months ago but has never visited the mines before. He expresses himself much pleased with his prospect, and says the appearance of the mine surpasses his expectations. He brought with him some splendid specimens of the ore from Monumental, Phil. Sheridan, and also from a discovery on an extension of the Phil. Sheridan lead. Work on these mines is going forward with energy, and the owners feel confident that when they get their mill in operation $30,000 or $40,000 per month will be shipped from the district. A newspaper Comstock in Grant county would be a great thing for Oregon

DEPARTURE OF MRS. SIMMONS.—Mrs. Mary F. Simmons was a passenger on the steamer Idaho, which sailed for San Francisco yesterday morning. She will give readings in some of the interior towns of California and then go to Virginia City. From the last named place she will proceed east without delay to attend her engagements there. During her short sojourn in Portland the lady has won many friends, who will sincerely regret her early departure. The best wishes of hundreds who have been edified and delighted by her reading and histrionic efforts will accompany the accomplished little lady.

SENTENCED.—Judge Bellinger gave John Smith three years in the penitentiary yesterday. Cause, appropriating a number of blankets from Mr. Buschard's store. The trial jury was so unkind as to return a "true bill." Twelve honest jurors also felt constrained to bring in a verdict of guilty. That asked if he desired time for passing sentence, Smith magnanimously waived the privilege and stated that he wished the sentence pronounced without further delay. This Judge Bellinger proceeded to do, and the festive John got three years.

FUNERAL.—Yesterday afternoon all that was mortal of the late James C. Liddy, who died suddenly on Sunday evening, was consigned to the cemetery and laid to rest. The services were conducted under the auspices of the benevolent Order of Red Men, of which the late Mr. Liddy was a respected member. The members of Oneonta Tribe, No. 4, and a delegation from Multnomah Tribe escorted the remains to their final resting place. Following the hearse came a long cortege of carriages containing mourning friends.

INSTALLATION.—H. G. Oliver, D. S. M. W., installed Lodge No. 6, A. O. U. W., on the 1st November, as Amity, Yamhill county, the following officers: R. L. Glisan, P. M. W.; Alex. Watt, M. W.; John Wells, P. F.; J. B. N. Gragg, O.; Jas. Watt, Recorder; Howell Lough, Receiver; L. Simpson Receiver; W. H. Watt, W.; H. T. Withrow, O. W.; John Wells, examining physician.

STRAWBERRY SOCIABLE.—The ladies of the United Brethren church invite the congregation and their friends to a "home sociable," to take place on Thursday evening (Nov. 6), by invitation, at the residence of Rev. T. L. Eliot, No. 227 West Park street, between Salmon and Main.

PENITENTIARY RECRUITS.—Sheriff Norden left Salem yesterday for Crook county, having in charge Frank Boyles, who was sentenced to the penitentiary by Judge Boise for five years. This morning he took charge of John Smith, sentenced for three years by Judge Bellinger.

CAMP FIRE.—We understand that George Wright Post No. 1, G. A. R., propose having a grand reunion and camp fire at an early day.

PERSONAL.—Mr. H. Krebs, a gentleman well known among the business men of Portland, arrived here on the *City of Chester* yesterday. He brought up on that steamer a large lot of goods (being a portion of those of Rosenbaum & Friedman, of San Francisco). The goods arrived on the *Chester* in two days (as soon as they can be got ready) and were opened and placed on exhibition in the store formerly occupied by Messrs. Hecht & Aiken, on Front street, where they will be fitted up at once for the reception of the splendid stock. Mr. Krebs is a gentleman of much experience in the business, and will take great pleasure in showing the public. Due notice will be given through the columns of THE OREGONIAN of the date of the formal opening of the place.

AMUSEMENTS.

DEBORAH—CAMILLE.—Another crowded house greeted Miss Dargon on the occasion of her second appearance last evening at New Market Theater. "Deborah" was repeated. There was no diminution of interest in this thrilling and emotional drama. Miss Dargon added to the laurels already won in her powerful impersonation of the leading role. In the curse scene, she was intensely tragical and moved the large audience to a high pitch of excitement. At the close of the fourth act she was compelled to acknowledge an enthusiastic call before the curtain. The support was generally good—prompt and efficient, and the piece moved forward without noticeable friction. The following is the distribution of characters: "Father Lorens," J. B. Robinson; "Father Herman," P. J. Tate; R. C. White; "Abraham," Chas. Allen; "Rebecca," Mrs. Flinnegan; "Ella Allen;" "Bess," Miss Lottie Wade; "1st Villager," Mrs. Trengrove; "2d Villager," Miss Dawson; "Joseph's Child," Little Miss Trengrove. Mr. Porter, the very clever scenic painter, has finished several handsome scenes which augment the latest and help to heighten the effect of the piece.

This evening the old but ever favorite play of "Camille" will be presented. Miss Dargon will personate the character of the fresh, fair and consumptive Parisian. Mr. John Lindsay will assume the part of "Armand," supported by the full stock company. The play has been carefully rehearsed, and will be presented with every attention to costumes and the detail of mechanical adjuncts. "Camille" is one of Miss Dargon's greatest impersonations, and a rare dramatic treat is in store for those who attend. Secure your seats in time. Remember the curtain will be rung up at 8 o'clock sharp.

GUY MANNERING.—This deservedly great play, dramatized from Sir Walter Scott's novel, is now in active course of preparation, and will probably be produced at New Market theater Thursday evening of the present week. The piece will be produced with all the original music, and every attention will be bestowed on correct costume, etc. Miss Dargon, in the impersonation of "Meg Merrilies," has few equals and no superiors. She is accorded a place along with that of the great Charlotte Cushman. "Meg Merrilies" was one of Miss Cushman's greatest dramatic interpretations, and competent critics here unhesitatingly pronounced Miss Dargon fully her equal. The presentation of this play is certain to draw an overwhelming house. To make "assurance doubly sure," secure your seats in advance.

THE HONOR DECLINED.

JUDGE R. D. SHATTUCK AND JUDGE C. B. BELLINGER DECLINE THE RECEPTION TENDERED THEM BY THE PORTLAND BAR.

The following note will require no explanation:

PORTLAND, Ogn., Nov. 5, 1878.

To the members of the Bar of the Fourth Judicial District, State of Oregon, and Hon. Richard Williams, Chairman, and Joseph Simon, Esq., Secretary, &c.—*Gentlemen*: We have received notice of a meeting of the bar of this city held on Saturday evening, the 2d instant, at which a resolution was adopted in substance, "That the members of the bar of the fourth judicial district of the state of Oregon tender to Judge R. D. Shattuck and to Judge C. B. Bellinger a reception to be given at Turner Hall in Portland on Thursday, November 12, 1878, at 8 o'clock P. M."

We hereby tender to you our most sincere thanks for this so unequivocal manifestation of your confidence in and esteem for us personally and officially. Entertaining for you all the kindest feelings and the best wishes, we beg leave most respectfully to decline the reception tendered. Very respectfully we are your obedient servants,

R. D. SHATTUCK,
C. B. BELLINGER.

The action of the members of the Portland bar in this matter was certainly an appropriate manifestation of professional courtesy and to have had the proffered reception accepted would have been very gratifying. This judicial gentlemen in whose honor the reception was to have been given, saw proper to decline the same. These gentlemen acted from motives of modesty in declining the honor so courteously and generously proffered.

FROM PORT TOWNSEND.

THE HAIGHT TRAGEDY—POLITICS—DEATH.

Our regular correspondent writing from Port Townsend under date of the 4th inst. sends the following matters of interest:

There have been no new developments made in the Haight murder case as yet, and the court has adjourned until the arrival of some Indians from Hood's canal, who are said to have heard shots fired on the evening of the murder, and also heard a woman scream. Their evidence, I believe, also points toward the prisoners as the guilty parties, but until their arrival, the evidence would only be hearsay, which in a case of life and death it would be hardly right to give. That the murder was committed for more than mere revenge, is generally suspected; and if that should be the case, the matter looks still worse. I shall be able to the course of a few days to give more decided information regarding the mysterious murder, and although the local press here have said but little about it, yet the feelings of the people are thoroughly aroused, and their anxiety to find the murderers is just as great as that of the counsel for the prosecution.

Political excitement seems to be taken up to-day with politics, and every effort is being made to elect certain persons to certain local offices, without any regard to the matter of delegate to congress, which office seems to sink into insignificance when compared with the others.

The *North Pacific* made her trip for the season to day, arriving here in good season and looking well in her new coat of paint.

I regret to have to state that on Friday last Mr. Chas. Huntington, well known throughout the sound country as a photographer, died very suddenly at La Conner. His body was (I believe) taken to Olympia for burial. His widow and young family have the sincere sympathy of the entire community in their bereavement.

INTERESTING TO LADIES.—Dickey's "Creme de Lis" has now been before the public for ten years, during which time this beautiful preparation has met with the highest approval at the hands of the fair sex—being as all who have used it will verify, the only perfect preparation of its kind. Every ingredient entering the composition of Dickey's "Creme de Lis" is subjected to the most rigid tests of modern chemistry, to insure the uniformity and purity of its combination, and neither time nor expense have been spared to make it perfect—it being well known the public will appreciate and support a truly meritorious article. Several new beautifiers under various names, have lately started into existence, but Dickey's "Creme de Lis" has no competition in merit. Sold by all druggists.

PACIFIC COAST NEWS.

CALIFORNIA.

Failure of San Francisco Grain Shippers.

SAN FRANCISCO, Nov. 5.—The suspension is announced of Dresbach & Co., extensive grain shippers. It is not understood that the suspension will have any material effect on the grain trade. The firm loaded ships and sold immediately, carrying but little liability. Some few losses will accrue in rechartering ships engaged by the firm at reduced rates. It is thought that some large grain interests in the interior may be heavy losers.

Mining Assessments.

SAN FRANCISCO, Nov. 5.—Ophir levies an assessment of one dollar, Goodshaw, one of 10 cents and Humboldt, Biddie district, one of five cents. A call has been issued for a meeting of Manhattan shareholders at 132 Sutter street next Thursday to take action concerning the late assessment.

The court set the trials for the 7th of January, 1879. An order was made permitting Clark to give bail in the sum of $10,000. It is not thought that he can give bail.

Henry A. Canfield was called on to plead to an indictment charging him with the murder of Wm. G. English. He pleaded not guilty, and his trial was set for January 6, 1879. The court ordered a venire for 100 jurors, returnable January 6th.

MODERN MIRACLES.

Dr. C. M. Wood, the well-known healer, returns to his practice in Portland after a rest of six months. His great cures of men, women and children, some of which were published in THE DAILY AND WEEKLY OREGONIAN during last winter, has brought hundreds of letters from anxious sufferers, desiring information as to the permanency of his cures. In order to satisfy those desiring such information, he will publish from time to time through THE OREGONIAN the original certificates of cures, and when possible, to communicate with such patients, a certificate of their present condition. $1,000 forfeited if every cure he has ever published was not genuine as stated.

Dr. Wood

Will heal the sick of chronic diseases, at corner of Washington and Front street, Portland. All curable diseases successfully treated when every other method fails. Dr. Wood cures by animal magnetism and can point to the most wonderful cures ever performed by this method. *No medicine, no surgical instruments*—no pain whatever.

Cure of Dyspepsia and Chronic Diarrhœa.

For the benefit of suffering humanity I deem it my imperative duty to make known to the public what has been done for me by Dr. C. M. Wood. Having been subject to dyspepsia for some 12 or 14 years, and continuing to grow worse until about four months ago, when it ran into chronic diarrhœa and assumed a very dangerous condition—so much so that I found I would be compelled to stop my duties or find some relief, and having seen one of Dr. Wood's circulars, I concluded to consult him and finally to be treated by him for one month, the result of which I give in a few words: I feel that I am as sound as I ever have been, and that so far as my disease is concerned, I am perfectly cured. JOHN R. CURRY,
Mailing Clerk, Oregonian Office.

PORTLAND, Oct. 31 1878.

This is to certify that the above diseases, for which Dr. Wood treated me nearly one year ago, have never returned, and am as well to day as when the above certificate was written.

JOHN R. CURRY,
Mailing Clerk of THE OREGONIAN.

Dr. Wood cures the following diseases: Chronic Liver Complaint; Disease of the Kidneys; Dyspepsia; Indigestion; Spinal Complaints; Pains in Side, Back, Shoulders, Hips and Chest; Headache; Neuralgia; Heart Disease; Rheumatism; Chronic and Acute Female Diseases and Irregularities; Sore and Weak Eyes; Deafness; Ringing in the head; Bronchial Affections; Chronic Catarrh; and General Debility, caused by any of the above afflictions, at his rooms, southeast corner of Washington and Front streets, over O'Connor's store, up stairs.

SPIRITUALISM.

Mrs. F. A. Logan, magnetic healer, office under the town clock. Consultation free.

Parties who are afflicted in any manner should not pay too much attention to the Mechanics' Fair or other places of amusement, but avail themselves of testing the wonderful magnetic powers of Dr. D. Hall McLennan, at his rooms on Washington street, between Second and Third. Health examinations and advice free. Dr. McLennan is also a medium and gives wonderful tests with names.

Dr. D. H. McLennan, test and business medium. Wonderful tests with names given. Communications strictly private. Washington street, bet. Second and Third, over Sol's new restaurant.

In this age of progress, what a wonderful amount of skill and ingenuity is expended in the construction, improvement and preservation of the costly and intricate machinery used in the manufacture of the various articles so necessary to our comfort. How much more important is it that we watch with rigid care this wonderful machine, the human body. Adjusting all its parts with nicest care, each to the other, that all may perform their allotted duty. There is nothing better calculated to do this thoroughly and efficiently than Frese's Hamburg Tea; a simple vegetable remedy, yet powerful in its ability to build up and restore the wasted energies, and give tone and vigor to all its powers.

TO PROMOTE A HEALTHY action of the system when it has become enfeebled by Kidney, Bladder and Glandular Diseases, Mental and Physical Debility, Pains in the Back, Loins and Side, take HUNT'S REMEDY. Gravel, Diabetes, Dropsy, Bright's Disease, and Incontinence and Retention of Urine, are cured by HUNT'S REMEDY. All Diseases of the Kidneys, Bladder and Urinary Organs, are cured by HUNT'S REMEDY.

How Infinitely Superior

Is the fragrant and wholesome SOZODONT to the gritty tooth powders and chemical fluids formerly used upon teeth, but which abraded and corroded the enamel and induced decay. The SOZODONT, on the contrary, preserves, at the same time that it beautifies, the teeth.

Liver is King.

The Liver is the important organ of the whole human system, as it controls the life, health and happiness of man. When it is disordered in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

FELLOWS'

HYPOPHOSPHITES.

For several months past I have used Fellows' Compound Syrup of Hypophosphites in phthisis, chronic bronchitis, and other affections of the chest. I have no hesitation in stating it ranks foremost among remedies used in those diseased senses. S. S. EARLE, M. D., St. John, N. B.

I strongly recommend Fellows' Compound Syrup of Hypophosphites to all who suffer in any way from diseases or weakness of the lungs, bronchial tubes, or from general debility.

J. E. W. SCOTT, M. D., Gagetown, N. B.

Fellows' Compound Syrup of Hypophosphites acted with expedition and entire satisfaction in a case of aphonia, which failed to yield to regular treatment. S. JACOBS, M. D., Lunenburgh N. S.

No hesitation in recommending Fellows' Compound Syrup of Hypophosphites for general debility, or any diseases of the lungs.

H. G. ADDY, M. D.,
St. John.

In restoring persons suffering from dyphtheretic prostration and cough, following typhoid fever, Fellows' Compound Syrup of Hypophosphites is the best remedy I ever used.

EDWIN CLAY, M. D., Pugwash N. S.

PROF. HALPRUNER.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT US HIS

public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease, in plain and comprehensive language. But where he has found them crushed and broken down by disease, mentally and physically, he has restored them to health and happiness, for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases: Catarrh, Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs, including Spermatorrhœa, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success, not only on this Coast but throughout the whole United States. Diseases of the stomach, bowels, liver and kidneys as well as all diseases of the blood and skin he has become master of, and never fails to give relief at once, and permanently cures the case if he is applied to in time.

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints, and understands their delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health.

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients' disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand, and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally, and will forward the proper medicines, or instruments, to any part of the country with full instructions and advice. Each letter requiring advice or list of questions, must contain two postage stamps.

Everything strictly confidential and honorable.

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify.

CAUTION.

Persons coming to Portland, requiring medical treatment of the proper kind, who desire to consult with me, will please beware of persons who may try to coax them away to other so-called Doctors, through pretended friendship for the patients. Look out for them; they are knaves, prompted by selfish motives and what they can make. Be sure and ask for DR. PAUL M. BRENAN, the *Medical Lecturer*, and read his sign on his door.
